

Committee Callout

At the Last EBoard, all of the committees held their own small group meetings to allow time to plan for the upcoming Spring Fellowship. Many Committees, like the AIA and Brotherhood Committees, worked together since they work so close together. Even the Service committee sent out e-mails to plan out the multiple service projects that'll be available. Some Committees, like Elangomats, even did some recruiting

**“Dude, buy Bricks, Man”
-Cool Guy McGee** for the Extended Elangomats Program. Even the Vigil Committee was looking forward for the tedious program that is the Vigil Election service that has to happen each year.

“Hey man, you should really buy some bricks for that snazzy new Archery Range.

It'd be cool, you know?”

-Literally the Coolest Guy Ever, Period

Chapter Things

We would really like to give a shout out to the Maramech Hill Chapter for helping out with all of the Callout Ceremonies. They've really stepped up, and I'm sure we can all appreciate that. In other news, there really isn't any. So yeah, move along. Nothing to see here. You can go now. Ok, you've stuck it out.

I'll give you something. Fox Valley and Chanonee both held Call-A-Tons to drum up more people to pay their own Lodge Dues, and both seemed to go well. Maybe your Chapter could do the same? Maybe you already have? Who knows, but we do know they work pretty well.
